

POWELL BUTTE URGENT NOTICE!

PacifiCorp is planning to sacrifice Powell Butte land for its transmission line **SUPERHIGHWAY**. NOT ONE, **BUT TWO** 500kV lines with **17-STORY METAL TOWERS** would cross your ranches, homes, and businesses.

AND PACIFICORP'S PLAN WOULD NOT EVEN DIRECTLY CONNECT WITH CROOK COUNTY! THE PLANNED CORRIDORS WOULD USE YOUR PROPERTY BUT WOULD NOT PROVIDE POWER FOR OUR COMMUNITY.

PacifiCorp's *hidden agenda* is to install more lines and towers running north, south, and east across Powell Butte. Powell Butte would give up our land and core way of life so other counties and states get more power.

Your property values will crash; homes, ranches, farms, businesses lost; irrigation water rights stripped; your views destroyed; and wildlife damaged.
